

# Whales

Whale, whale swimming smoothly  
Through the water gently and soothingly  
Here comes a boat, what a fright!  
Swim, swim, swim, they're out of sight  
Swimming back to my home through the water  
To find my husband and my daughter  
We go for an after dinner swim.  
Jumping, leaping out of the water, we laugh me and my daughter  
Now for dessert fish, fish, fish, yum, yum, yum  
Oh no here comes a gun!  
Swim, swim together they're after us  
I turn around, where is my daughter?  
Scream.  
All I can see is a sea of red  
Oh a harpoon is coming to my head.
