ATHLETICS

Carnival

What a wonderful day we witnessed for what was a very successful Athletics Carnival last Friday 14 June 2019. The enthusiasm and participation from our students was outstanding.

Many thanks go to the WCS Staff; Mr Zayied and Mrs Westgarth who organised the day. Results of our Carnival will be announced to students.

Thank you to Mrs Mulvaney and Mrs Perry for organising the K - 2 activities.

uniform NEWS

Here's the latest!

The Student Representative Council (SRC) and primary prefects have been looking at potential designs for a new **sports** polo shirt!

Stay tuned for more exciting developments as they come to hand!

BTW - we know you're excited but it can take up to 3 years to introduce a new uniform item!

To purchase your tickets in the **300 CLUB**

call Erin Hunt, Amy Hall, Alisha Leach or Clara Cosgrove - \$50 per ticket - Payment plan available

NEXT P&C MEETING - 6pm - Tue 23 July - school library

LEMON POLO SHIRTS & JUMPERS both \$25
SKIRTS & SKORTS - \$40

UNIFORM SHOP

SENIOR'S POLO SHIRTS

\$10

Order forms available at the school office
Enquiries: Ros Jackson - 0413 942 834

WINTER UNIFORM

- Bottle green jumper
- Long grey pants (boys)
- Long bottle green pants (girls)
- Skirt with black tights
- Bottle green trackies - sport
- Bottle green gloves, beanie, scarf
- Approved school jacket
- Long sleeve top (pref lemon) may be worn under polo for extra warmth

TRANGIE JUNIOR JUDGING

PROUDLY SUPPORTED BY

Monday 8th July 2019

from 8.30am Registration to approx. 5pm
at Trangie Agricultural Research Centre

Cattle, Meat Sheep, Merino Sheep, Fleeces, Cotton & Grain Judging
Angora goat & Mohair fleece Judging

Sub-Juniors under 10 years
Juniors 10-15 years Seniors 15-24 years

Senior winners qualify for Western Region Judging Finals.

No previous knowledge or experience necessary

Cash prizes to be won donated by NSW Farmers

Entry Fee: \$20 for the day (includes BBQ lunch)

Drinks and snacks will be available for purchase

\$15 ENTRY FEE FOR PREREGISTRATION & PAYMENT BY Friday 5th JULY

Enquiries / Rego forms: Kath Donoghue 0457823546 email: trangiejuniorjudging@yahoo.com.au

Welcome Mr Armstrong

Mr Armstrong is the newest addition to our team and he is replacing Mr Perry as our new HSIE teacher at WCS. If you see Mr Armstrong out and about, please make him feel welcome to our school and community.

Warren Show

It was great to see so many parents and carers visiting the pavilion that held student entries in this year's show. Every year, the students and staff do a remarkable job ensuring our school is a willing and invested participant in many aspects of the show. You would have noticed all the awards and prizes earned by the students in a number of different categories including literacy, art, agriculture, photography and hospitality.

Athletics Carnival

Last Friday saw our annual Athletics carnival held at Victoria Park. A big thank you to the organisers – Mrs Westgarth, Mr Zayied, Mrs Mulvaney and Mrs Perry and to all the staff who worked tirelessly to ensure the day was a great success. It was fantastic to note that so many parents and carers taking the time to come down and support their children.

Gobondery/NARRAF Soccer

This is occurring on Friday in Trangie. We have a large contingent of students who play Saturday soccer so I am sure they will enjoy the day immensely. Results to come in the next edition of Jumbunna.

Rainbow Acknowledgement Day

This will be occurring on Tuesday 2 July. Students should be ensuring they are receiving their bands/cards and trading them in at every opportunity. Positive Behaviour for Learning is the core value of our school and this day serves as both an incentive and acknowledgement for students who come to school every day as positive, responsible and respectful learners.

STEM classes

You will notice in this week's Jumbunna and on Facebook how students have been experimenting with robotics. This is a Department of Education initiative which we were able to reserve for our school to undertake in Term 2 this year. This program is about students exploring and developing their creative and collaborative skills and I would draw your attention to a more detailed report in the pages of Jumbunna. It is wonderful to be able to offer these opportunities to students at our school.

Some good news stories from around the world

The number of malaria cases in India was reduced by almost half last year – a strong indicator that the malaria elimination program is starting to have a positive impact (Hindustan times)

China has successfully launched a rocket into space from the Yellow Sea, making it the first nation to fully own and operate a floating sea launch platform (South China Morning Post)

Mr Lovelock
Principal

K—6 News

We value **RESPECTFUL, RESPONSIBLE LEARNERS**

Our annual athletics carnival was held last Friday 14 June at Victoria Oval. All students competed well, gaining points for their sporting house. The sea of colour at Victoria Oval was fantastic and showcased some friendly, but stiff, rivalry.

The students who will go onto the next stage of the athletics competition will receive their permission notes and events over the next week.

These students will compete at the Gobondery/NARRAF Athletics Carnival on Wednesday 7 August at Barden Park in Dubbo.

Age Champions

Junior Primary: Noah Scotson, Drew Barnett and Indiana Gale

11 years: Ryan George and Miriam Harrison

Senior Primary: Coby Hall and Charlotte Hopkin

Age Champions Charlotte Hopkin, Indiana Gale, Drew Barnett, Noah Scotson, Ryan George and Coby Hall (absent Miriam Harrison).

Waste to Art

Conrad Markgraaff and Bart Cosgrove received first place in their categories for the Waste to Art competition held at the Warren Sporting and Cultural Centre last month. Their works are going on to the next stage of the competition to be held in Oberon and judged on 27 July. Congratulations to both boys and good luck in the next round.

Stephen Owens received second place in his category for his blue recycled wire lamp.

Below is the information that will be put into the Waste to Art Competition booklet.

Miss Maxwell
Art

“UNTITLED”

Untitled is a recycled stool with twine wrapped around the legs and a new wooden seat attached. I was inspired by simplicity, when we live in a world that is so chaotic. I wanted to convey how simple and small changes can make a difference. This stool was going to be thrown out, but with a little creativity I have turned waste into a functional piece of art.

By Bart Cosgrove

“BUTTON DEER HEAD”

Button Deer Head is a unique work made with recycled buttons. When researching artists who use recycled objects, I was inspired by the Miami based artist Augusto Esquivel who creates hanging artworks with buttons and thread. His work invites you to a non linear journey of pixilation, obsessive compulsive disorder and colour. My work has turned boring brown, black and white buttons from Waste to Art.

By Conrad Markgraaff

Sport

2019 Athletics Carnival – Friday 14 June

Last Friday, Warren Central School held its annual athletics carnival at Victoria Oval and the day didn't disappoint. The early morning fog couldn't keep the active students and teachers away from what was a fine afternoon of athletics.

Records broken, and new champions were the order of the day. Right across the track and field students did their best and participated in what was one of the most competitive carnivals in recent years.

Congratulations to all who participated and to our house and age champions. We look forward to sending one of our strongest teams in years to the Western Region Athletics Trials early in Term 3.

Big thank you to the parents, students, and teachers who helped put on a great day and to our P&C who put on a great spread at the canteen.

New Records

Mason Wilson - High Jump

Lilly Higgins - 800m

Bart Cosgrove - High Jump and Shot Put

Braith Boyd - Shot Put

Chelsey Hewett - Discus

Age Champions

Junior Primary - Noah Scotson, Drew Barnett and Indiana Gale

11 years - Ryan George and Miriam Harrison

Senior Primary - Coby Hall and Charlotte Hopkin

12/13 years secondary - Toby Cosgrove and Millie Storer

14/15 years secondary - Braith Boyd and Hayley Bock

16+ year secondary - Tori Cole and Chelsey Hewett

House Champions

1st Mitchell

2nd Oxley

3rd Macquarie

4th Sturt

Term 2 Sports Fees are now due

The following term two sports fees are now due, please make a payment at the office or send in correct money with your child:

Tennis \$15 for the term.

Golf \$20 for the term (also doubles as membership).

Finally, I'd like to wish our Netball and Rugby League teams the best of luck for their upcoming Central Schools competition days.

Good luck and stay warm!

Mr Zayied

LIVE-STREAMED HSC LECTURES

FOR REGIONAL SCHOOLS AND STUDENTS

This year we will be live-streaming our July Trial Preparation Lectures online for the benefit of regional schools and students.

In these lectures, students can hear from our team of senior teachers and markers on how to excel in their trial and HSC exams - without having to travel to Sydney. For each lecture, students gain insight into how to approach each section and revise key syllabus content.

To access the livestreams, students can secure their spot beforehand at inspired.edu.au. Alternatively, for school-wide access to the lecture recordings, enquiries can be made to info@inspired.edu.au.

Dates: Monday 8th July - Friday 19th July
Subjects: English - Standard & Advanced
 Mathematics - Standard & Advanced
 Science - Biology, Chemistry & Physics
 HSIE - Business Studies, Modern History

FREE SESSION: ACE THE HSC (8th July)
 This session gives Year 11 & 12 students and parents insight for success into the HSC process. Hear from a variety of presenters about proven strategies to succeed across the HSC year and in exams.

Pricing: For Individuals - \$29.95 per lecture, including access to comprehensive lecture booklet.
 For Schools - \$19.95 per student. Enquiries can be made to info@inspired.edu.au.

See full subject timetable and register your spot:
inspired.edu.au

More details closer to the date

CWA Public Speaking

Congratulations to Eleanor Lovelock who is competing in the next round of the Narromine CWA Public Speaking Competition on Tuesday 25 June. Eleanor's chosen topic is "The Perfect Gift".

We are extremely proud of Eleanor and the way she has conducted herself throughout all the levels of this very difficult and time consuming competition.

Western Region Cross Country

Charlotte Hopkin, Hayley Hall and Hollie Higgins competed at this cross country carnival at Geurie on Wednesday 12 June. They all participated extremely well, displaying sportsmanship and drive to complete the gruelling course.

Life Education with Healthy Harold

Life Education was held on Monday 17 June and Tuesday 18 June. Students were engaged in learning about making healthy lifestyle choices and loved seeing Healthy Harold. They will continue their learning in class with their workbooks.

Thank you to Val Soulsby and Rotary NSW for their generous donations, which significantly decreased the price students needed to pay.

Jenga is held each day in the Library at lunch time. Abigail Mauger has held the title of Jenga champion for 5 days straight. Left in the photo Abigail Mauger concentrating on her next move.

STEM

for kids in Class

ENGINEERING • ROBOTICS • COMPUTER PROGRAMMING

This term students were able to experience exciting new digital learning resources, made available through the STEMShare Community program.

Under the STEMShare Community program, 660 kits that include robotics, 3D printing, coding, film-making and virtual reality equipment are available for schools to borrow for a term throughout the year.

Warren Central School took advantage of this wonderful opportunity to enhance the skills of students from Kindergarten to Year 6. The kits that are chosen are decided on through their alignment with the schools K-6 Science scope and sequence.

Classes across K-6 have enjoyed a few lessons using the different robotics supplied by the STEMShare program. The robotics included Dash-dot, Bluebot and Lego WeDo 2.0. The Dash-dot includes activities ranging from basic remote controlled driving, instruction based challenges, to the coding program activities. Easy for younger years, yet sophisticated enough to keep the older students engaged while developing their computational thinking, collaboration and creative skills. The students had a great time learning how to program the Dash-dot robots to follow instructions. By the end of the program, students were successful in controlling their Dash-dots using different coding techniques learnt through experimentation and set tasks. WeDo 2.0 is an engaging, hands on way to begin to develop collaboration, creative, critical and computational thinking skills by combining the familiar Lego blocks creativity with robotics motors, sensors and a simple to use programming language. The Lego WeDo 2.0 enticed student imagination and at the conclusion of the units they were using the skills they had learnt to build their own creations using the robotics component of the kits.

Students were thoroughly engaged in their tasks and were keen to book kits again to further their curiosity.

3/4/5 Ocelots and 5/6 Quokkas experimenting with Robotics.

9/10 Food Technology with Mrs Robertson

9/10 Food Technology made butter chicken and naan bread last week in the kitchen.

Students also enjoyed making novelty cakes for the Warren Show. The chook came first made by Zoe Taylor, Finn Nielsen, Jaimie Sinclair and Katie Owens, second place for the Superman cake.

Congratulations to all of these students for making the effort to enter the Warren Show.

Respectful

Show respect to one another.

Responsible

Be prepared and equipped to learn.

Learners

Engaging to the best of our ability to learn.

Congratulations to our Star Students

You are our star students and this is your week to shine and enjoy your special week. A canteen voucher is given to each student of the week.

Week 6: Primary - Harlem Ward and Secondary - Millie Storer

Week 7: Primary - Harrison Leach and Secondary - Mackenzie Pardy

Careers News

Tradie Training at WCS

On Tuesday 18 June, 18 students participated in a full day of General Construction Induction Training, commonly known as White Card Training. This is an essential requirement for students who wish to work in the construction industry. Rene Wykes, the trainer from Regional Enterprise Development Institute (REDIE) did a fantastic job at delivering the course. A range of topics were covered including Safe Work Practices, Hazard Identification and Control, WHS Documents, Workplace Signage and Reporting All Hazards, as well as Incidents and Injuries.

Congratulations to students for the way in which they conducted themselves in a professional and appropriate workplace manner during the training. The following students successfully completed the course: Bart Cosgrove, Mitchell George, Amber Gordon, Kolby Hancock, Stephen Owens, Preston Carney, Conrad Markgraaff, Finn Nielsen, Zakk Thornton-Myers, Tori Cole, Will Gordon, Chelsey Hewett, Cooper Hunt, Kate Owens, Stephanie Squire, Braith Boyd, Shannon Swindle and Harry Hammond.

WCS would like to express our huge appreciation to the Walker Family for their very generous donation to fully fund this training. Thank you for supporting students in their pathway and transition from school to work.

Mrs Lovelock
Careers Adviser

Left: Preston Carney
Braith Boyd and
Cooper Hunt
Chelsey Hewett
and Stephanie Squires

ROBOTICS

1/2 Meerkats and Kindergarten Llamas combined brain power for a robotics session using Blue-Bots. Blue-Bots are programmable Bluetooth floor robots designed to teach programming and directional language. Blue-Bot performs your program right before your very eyes! Robotics provides a highly engaging medium for creativity, critical thinking, collaboration and communication - four essential skills for learning.

The students worked in teams to achieve set goals. They completed 3 tasks:

- synchronized robots: following set instructions to code 2 Blue-Bots to complete the same manoeuvres at the same time
- iPad challenges: using an iPad to program the robot and move it to the finish line
- get from a to b: moving the Blue-Bot from one place to another using only coding.

3/4/5 Ocelots

We have been working on writing limericks. These are funny little poems that rhyme. Here are some of our completed works.

Gangster Fred
by Ryan and Marley

I once had a dog called Fred,
 He was a gangster like Ted.
 He got knocked out,
 By a huge trout.
 Then he woke up and fell out of bed.

Sam
by Drew, Racheal and Alex

There once was a boy named Sam,
 He would sleep all day in his pram.
 A random said “Who?”
 Sam said “Not you”
 Then the pram rolled into the dam.

Auntie’s Sore Knee
By Eleanor

I went to my aunty’s for tea,
 Poor thing, she had a sore knee.
 I asked “Why?”
 She gave a sigh.
 Then I went out and climbed up a tree.

Jack
by Bindi

There once was a boy named Jack,
 Who unfortunately sat on a tac.
 He flew in the air,
 Some people did stare.
 He cried and fell in the haystack.

Have you recently moved house or changed your phone number? Please contact the Front Office with your updated information for our school’s records. Thank you

Secondary News

We value RESPECTFUL, RESPONSIBLE LEARNERS

Mr Armstrong in Business Studies with year 11 and 12 students
 Zoie Rookledge, Brittany Marks, Zoe Taylor and Aimee Sheppard

WELCOME
Mr Armstrong

Hello everyone

I am Mr Armstrong, the new HSIE teacher at WCS. I originally lived near Byron Bay, teaching at Ballina High School. Eventually Ballina High School merged with another school and they were forced to cut staff. So, I moved to Broken Hill last year and have been casual teaching there, across both high school and primary. I was actively involved in the community being a member of State Emergency Service as cadet trainer (running a few High School cadet programs), refereeing under 10 soccer and helping organise the G'Day USA Broken Hill Group. In my free time I enjoy books, movies and computer games with my favourite genres being sci-fi and fantasy.

I have a Bachelor of Arts/Commerce degree from Deakin Uni, Bachelor of Teaching from Southern Cross Uni and post graduate degree in Students with Behavioural Difficulties from Macquarie Uni.

Industrial Technology

Year 9/10 Technology class have been busy designing their item to make in metal. Cooper Hunt has made a lock. Well done to all students, it was great to see you really enjoying the process and learning new designing skills.

Cooper Hunt, Mr Rundle and Braith Boyd.
